

NATIONAL SUMMER INSTITUTE FOR EDUCATIONAL DEVELOPMENT OF GRADUATE BIOSCIENCE STUDENTS

“TEACHING AND ASSESSMENT OF CRITICAL APPRAISAL OF A BIOMEDICAL ARTICLE: CASE STUDY”

AUGUST 10-11, 2015

FACULTY OF HEALTH SCIENCES, UNIVERSITY OF MANITOBA, WINNIPEG

AIM:

To encourage students to critically think; to collaborate; share research knowledge, and negotiate subject matter.

APPROACH:

Participants from different disciplines will be divided into groups. These groups will use team-based learning, while problem solving, to break down traditional attitudes and assumptions about boundaries of knowledge. Each group will be assigned a faculty facilitator.

FEES:

\$150 for registration, workshop materials, breakfast, lunch, and certificate of attendance.

REGISTER:

Please complete the registration form at:
umanitoba.ca/faculties/medicine/institutes/ineds

***** FOR ALL M.Sc & PhD STUDENTS INTERESTED OR INVOLVED IN TEACHING *****
