---

### Brian Patterson, M.A. Planning

Leader of Active Transportation Planning and Partner at Urban Systems, Brian also serves as the director of the Association of Pedestrian and Bicycle Professionals. He has been involved in over 50 multi-modal transportation planning projects including Winnipeg's Pedestrian and Cycling Strategies. Brian earned his Masters of Arts in Planning in 2005 and has been with Urban Systems since 2004.

### Luis Miranda-Moreno Ph.D, P. Eng

Leading academic in the field of active transportation, Luis Miranda-Moreno has been a professor of transportation engineering at McGill University since 2008. He is presently a member of the Centre for Data and Analysis and Transportation and his research interests include traffic monitoring, transportation safety and the environment. His most recent of numerous publications have focussed non-motorized transit modes and the development of sustainable transportation strategies.
