

UNIVERSITY
OF MANITOBA

November 2018

*Reminder: **NEW** Neuroscience Graduate Course Offerings*
(please post)

Winter Term 2019:

IMED7116 - Fundamental Systems Neuroscience (*Jan - Feb*)

IMED7118 - Fundamental Neurobiology of Disease (*Feb/Mar - Apr*)

- These **2 new 1.5 credit hour graduate courses have replaced:**
IMED7102 Fundamentals of Neuroscience II (3 credit hours)
- There are no prerequisites for these courses, so you may choose to take one, or both of them.
- These interdisciplinary courses will held at the Rady Faculty of Health Sciences, Bannatyne Campus

Tuesdays & Thursdays

3:00 - 4:30 p.m.

**Dept. Physiology & Pathophysiology Conference Room,
431 BMSB, (4th Floor, Basic Medical Sciences Building)
Rady Faculty of Health Sciences Campus**

Registration is open to all graduate students enrolled in any Faculty/College/Department interested in Neuroscience from the Fort Garry or Bannatyne Campuses, and the St. Boniface Research Centre.
