

## NEW AURORA LAUNCH PAGE – COMING MARCH 2024

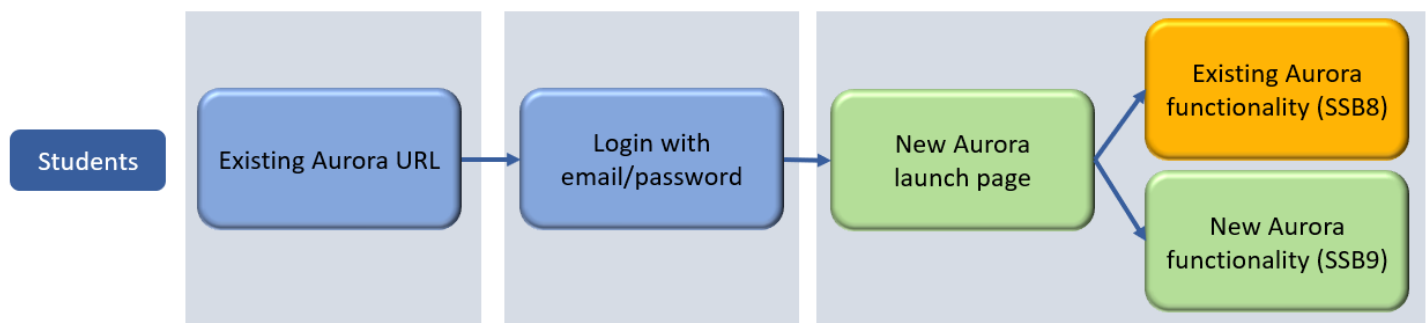

Starting in March, [aurora.umanitoba.ca](http://aurora.umanitoba.ca) will bring students to a New Aurora launch page:

Students will **sign in using their myumanitoba email address** and have access from the launch page to all Aurora functions, important web links, and other tools like UM Learn.

**New system bringing students to old functionality? Not to worry – this is temporary!**

During the transition period, the launch page will continue to link students to current functionality in the existing Aurora Self Service system, which will be moved incrementally to the new Aurora.

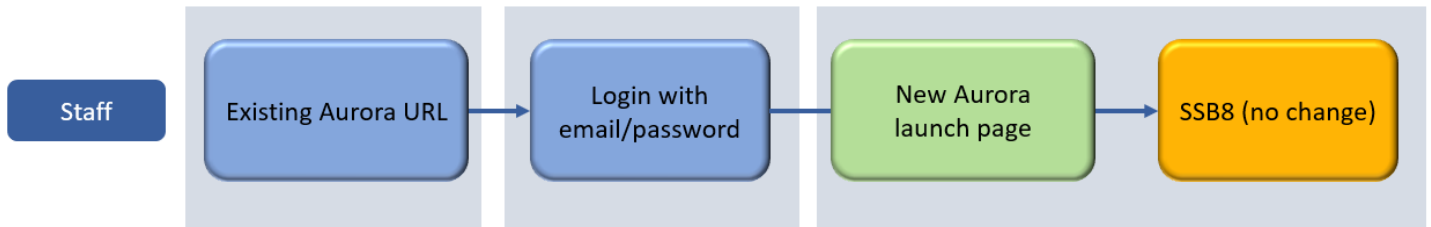

## STAFF ACCESS TO AURORA

When students begin using the New Aurora Launch Page, **staff will also experience a change...**

Staff will begin using email to log in to the New Aurora launch page and from there they will continue to be directed back to the existing Aurora Self-Service (Classic) system. Most changes for staff are coming in Phase 2 of the project.

## LEARN MORE

Register to attend the virtual Aurora Modernization **Project Town Hall**:

**February 28<sup>th</sup> 11:00 – 12:00**

(the session will be recorded for those who cannot attend at this time)

[Register for Town Hall](#)

**Visit the project SharePoint site** regularly to find updates, answers to Frequently Asked Questions, and submit your own questions.
