# University of Manitoba Graduate Fellowships (UMGF)

The Faculty of Graduate Studies offers new and continuing University of Manitoba Graduate Fellowships (UMGF) each year to meritorious students for full-time study and/or research (which includes works that are considered creative endeavours) leading to a graduate degree. Awards are made on the basis of academic excellence, and are open to students who will be registered as full-time graduate students (Master's or Ph.D.) at the University of Manitoba regardless of nationality or discipline during tenure of the award.

Students must be recommended by their department to the Faculty of Graduate Studies. Only students with a minimum GPA of 3.75 (above B+) in the last two completed years of study at a recognized university based on a Bachelor, Master's, Graduate Diploma or Doctoral degree will be recommended. Competition for the UMGF is strong each year and there are always many more students recommended than there are available awards.

International GPAs are calculated using the equivalency criteria from the Faculty of Graduate Studies website [http://umanitoba.ca/faculties/graduate\\_studies/facultyinfo/assess/index.php](http://umanitoba.ca/faculties/graduate_studies/facultyinfo/assess/index.php)

Students should contact their departments for more information on departmental review processes and deadlines.

Offer of a UMGF does not guarantee admission into a graduate program at the University of Manitoba.

## I. Value

Value for a 12-month period

Ph.D.	\$16,000.00
Master's	\$12,000.00

## II. Eligibility

**Applicants must meet ALL eligibility requirements.**

**Academic standing** - Students with a minimum GPA of 3.75 (above B+) in the last two full years of study (equivalent to 60 credit hours) at a recognized university based on a Bachelor, Master's, Graduate Diploma or a Doctoral degree.

**Citizenship** – All students regardless of citizenship are eligible to apply. **Canadian citizens and permanent residents are encouraged to apply to CIHR, NSERC and SSHRC scholarships, if they are eligible for funding from these research councils.** Students that do not apply for a national award may be considered ineligible for the UMGF

**Fields of study** – Students in all fields of graduate studies are eligible to apply.

### Years of graduate study

The following students are eligible to apply for a UMGF in the Master's program

- Students in their final year of a bachelor degree program who will be entering a full-time Master's program as of May or September 2012 or January 2013
- Students who have completed a bachelor degree program who will be entering a full-time Master's program as of May or September 2012 or January 2013
- Students in a Pre-Master's program who will be entering a full-time Master's program as of May or September 2012 or January 2013
- Students currently registered in the first year of a Master's program

The following students are eligible to apply for a UMGF in the Ph.D. program

- Students entering a full-time Ph.D. program as of May or September 2012 or January 2013
- Students currently in the first, second or third year of a Ph.D. program

- Students transferring to a full-time Ph.D. program from a Master's program (note: students who transfer to a Ph.D. program from a Master's program without getting a degree - time spent in a Master's program will count as part of the Ph.D. program in determining eligibility)

Students are eligible to receive the UMGF for the first two years of their Master's program and the first four years of their Ph.D. program. **Total maximum UMGF support for any individual graduate student is four years.**

In computing years of graduate studies, two years of a part-time study are equivalent to one-year of full-time study.

For students who have not yet begun a graduate program at the University of Manitoba, applications will be considered, regardless of whether the student has completed a formal application for admission to the Faculty of Graduate Studies. However, such applicants must provide evidence that they satisfy the English Language Requirements for admission to the Faculty of Graduate Studies (see [http://umanitoba.ca/faculties/graduate\\_studies/admissions/139.htm](http://umanitoba.ca/faculties/graduate_studies/admissions/139.htm))

### III. External Funding

UMGF awards are funded from University sources. With more students applying for and gaining external funding, more funds are available to students who are not eligible for external funding. Departments are requested to ensure that all eligible students apply for external funding.

Students are strongly encouraged to take advantage of every funding opportunity to allow those students ineligible for external scholarships access to UMGF awards. Therefore, it is expected for students who are Canadian citizens or permanent residents to apply for external scholarship, if they are eligible, from the major research councils (NSERC, SSHRC and CIHR). Students that are eligible to apply for the MHRC are also expected to apply for the scholarship in order to be considered for the UMGF competition. **Eligible students who do not apply for external scholarships may be considered ineligible for UMGF funding.**

Students offered a national, provincial or international funding for full-time study and/or research at the University of Manitoba will be required to accept the external funding and decline the UMGF.

**UMGF Renewals** - Students who are awarded a UMGF are required to apply for external funding if they are eligible, to qualify for subsequent year(s) of funding. Students who are eligible to apply for external funding but do not do so will be considered ineligible for renewal of their award.

### IV. Funding Limits

The UMGF is not tenable with any other scholarship that has a greater monetary value than the UMGF award.

### V. Transfers

Students awarded a UMGF may transfer their award from one University of Manitoba (U of M) department to another, with the approval of the Dean of the Faculty of Graduate Studies. The student must request the transfer in writing to the Dean of Graduate Studies. The transfer request must be recommended and signed by the student's advisor/supervisor, the Head of the former department and the Head of the proposed department.

If a student transfers courses from one Master's program to another, their eligibility in the second program is limited to 24 months less the number of months spent in the first year of their Master's program. If no courses (ie. credit hours) are transferred to a second Master's program, then the student is eligible for the full 24 months of UMGF support at the Master's level.

UMGF Master's recipients who transfer from a Master's to a Ph.D. in the middle of an academic year will continue to receive funding at the Master's level until the end of that academic year. To receive funding at the Ph.D. level, the student must re-apply in the next competition as a Ph.D. student.

## VI. Start Date and End Date

### Start Date

Normally the start date for the UMGF is September – the beginning of the academic year. An early (May) start date may be approved upon receipt of a signed letter on letterhead from the student's advisor supporting the request for payments to begin in May. Please note that if the first instalment is paid in May and the first admission date to the current program was in the month of September, the fellowship will terminate at the end of April in a subsequent year. Students may also defer the start of their UMGF to the January; normally such a deferral will occur if a student is beginning their graduate program at the University of Manitoba in January.

**Fellowships may be deferred to January only.** Recipients must decline the UMGF and reapply in the next competition if they are unable to accept the fellowship upon a deferral to January (i.e., if the award cannot be taken up in January, after having been deferred from September, then it must be declined).

**Students admitted under the “provisional status” may not receive** the award during the provisional period and may not accept the award if the provisional status is not cleared within a 4-month (one-term) period.

### End Date

All awards are terminated as follows:

**Completion of Degree** – Students will have their UMGF award pro-rated to the end of the month in which they complete their degree requirements. The date of **degree completion** is the date on which all requirements for a degree have been met, including successful defense and submission of the final copies of the thesis to the Faculty of Graduate Studies. Students will be required to return any amounts issued to them for the time period after this date.

**Withdrawal from Program** – Students will have their UMGF award pro-rated to the date by which their withdrawal from their degree program is effective. Students will be required to return any amounts issued to them for the time period after their effective withdrawal date.

**Any fellowship payment received covering any period of ineligibility must be repaid in full.**

## VII. Award Payment

Students must be admitted and registered as full-time graduate student without provision in the academic year that they are receiving a UMGF.

UMGF payments are disbursed in biweekly instalments and will be directly deposited to their account. May payment is contingent upon continued eligibility and approval of a satisfactory renewal form which UMGF recipients will receive in December. Award payments are not credited towards tuition. Students are responsible for paying their own tuition.

## VIII. Selection and Announcement

The Faculty of Agricultural and Food Sciences Graduate Awards Committee will make the final selection of award recipients
