Experience is important! We will Network, Consult, Listen, and Act to:

- ✓ *advocate* for international student health care (with UMSU and MAPSS)
- ✓ *support* outdoor recreation activities and greener campuses
- ✓ *lobby* for a smooth and just transition back to a post-pandemic new normal
- ✓ *prioritize* mental health of students to be resilient in face of a new world order
- ✓ *secure* monies for conference grants, UMGSA awards and special projects
- ✓ *voice* interests of indigenous graduate students with provincial government (MAPSS)
