

# NARRATION OF BELONGING

## *EXPERIENCE OF OTHERNESS AMONGST MARGINALIZED WOMEN AND NON-BINARY INDIVIDUALS IN HIGHER EDUCATION*

The narrative of belonging project investigates the personal experience of belonging amongst Muslim youth (women and non-binary individuals) and the role of personal digital devices.

This research is interested in experiences of otherness in higher education and its effect on personal and academic life.

Participation in our secure online one on one interview will take approximately 45-60 minutes.

In appreciation of your contribution, you will receive \$ 20 gift card.
