EMPLOYEMENT

Sept 2021-present

Clinical Appointment: Clinical & Health Psychologist (registration # 524)
Medical and Mental Health Inpatient Consultation Service
Cognitive Assessment and Psychodiagnostic Service (CAPS)
St. Boniface Hospital, Shared Health

Academic Appointment: Assistant Professor
Department of Clinical Health Psychology
College of Medicine, University of Manitoba

EDUCATION

2016-2022

Doctor of Philosophy, Clinical Psychology
Degree conferred February 2022
University of Manitoba, Winnipeg, Manitoba
Advisors: Drs. Corey Mackenzie and Lesley Koven
Candidacy Exam: Passed June 2017
GPA: 4.42

2014-2016

Master of Arts, Clinical Psychology
Degree conferred October 2016
University of Manitoba, Winnipeg, Manitoba
Advisor: Dr. Corey Mackenzie
GPA: 4.28

2009-2013

Bachelor of Arts (Honours), Psychology
Degree conferred June 2013
University of Manitoba, Winnipeg, Manitoba
Advisor: Dr. Don Stewart
GPA: 4.03

HONOURS

- 2022 **Governor General Gold Medal Award**
Awarded for outstanding achievement at the graduate (Ph.D.) level.
- 2022 **Certificate for Academic Excellence, Canadian Psychological Association**
Awarded for outstanding achievements made by students in each Canadian Department of Psychology.
- 2021 **John R. Walker Clinical Research Award, University of Manitoba**
Recognizes a clinical psychology graduate student for their scholarly and scientific achievements.
- 2019 **STAR Award, University of Manitoba**
Recognizes a psychology graduate student's outstanding contribution to service, teaching, and research.
- 2018 **Morgan And Marion Wright Award, University of Manitoba**
Recognizes a clinical psychology graduate student for excellence in clinical practicum work.

SCHOLARSHIPS, FELLOWSHIPS, GRANTS, AND AWARDS

- 2021 Program Completion Scholarship, Faculty of Graduate Studies, University of Manitoba
\$2,500
- 2021 Pandemic Relief Fund for Students, Faculty of Graduate Studies, University of Manitoba
\$1,000
- 2021 Pandemic Relief Fund for Students, Faculty of Arts, University of Manitoba
\$1,000
- 2020 Graduate Fellowship Top-Up Award, University of Manitoba
\$6,000
- 2020 Pandemic Relief Fund for Students, Faculty of Graduate Studies, University of Manitoba
\$1,000
- 2019-2020 Graduate Fellowship, University of Manitoba
\$18,000
- 2019 Alzheimer's Society Graduate Student Fellowship, Centre on Aging, University of Manitoba
\$4,000—*declined*
- 2019 Faculty of Graduate Studies, Research Completion Scholarship, University of Manitoba
\$6,250

2015	Department of Psychology Travel Award, University of Manitoba \$700

CLINICAL EXPERIENCE Supervised Practice**Psychologist Candidate**

St. Boniface Hospital, Winnipeg, Manitoba

September 2021 – April 2023

Supervisors: Drs. Val Krysanski (Primary) and Lorne Sexton (Secondary)**Supervision Hours:** 134.5 (79.5 with Dr. Krysanski and 55 Dr. Sexton)

Responsibilities: I work a .8 clinical position across three services in the Department of Clinical Health Psychology at St. Boniface Hospital: Medical Inpatient Consultation (assessment & brief treatment 2-12 sessions), Mental Health Inpatient Consultation (psychodiagnostic assessment), and the Outpatient Cognitive Assessment and Psychodiagnostic Service (CAPS). Medical inpatients present with critical and terminal illness, health-related trauma, chronic pain, birth trauma and postpartum complications, IBD, IBS, adjustment, grief, behavioural and mental health challenges impacting adherence to medical intervention, delirium, and cognitive impairment. Mental health inpatients present with psychosis, mood, trauma, personality, anxiety, substance use, and cognitive impairment. CAPS outpatients present with mood, anxiety, trauma, personality, adjustment difficulties, substance use, cognitive impairment, and developmental disorders (ASD and IDD). I supervise a PA one day/week, psychology residents, and practicum students in this role. I incorporate objective (e.g., WAIS-IV, WMS-IV, TONI-4, RBANS, Trails A&B, CVLT-II, etc.) and projective (e.g., Rorschach, H-T-P-F drawings) testing in my services, and provide intervention using third wave CBT (e.g., MBCT, ACT, DBT), client-centered, and psychodynamic approaches. The remaining .2 of my position is dedicated to teaching and research activities.

Pre-doctoral Clinical Residency**Clinical Psychology Resident**

The Royal Ottawa Mental Health Centre, Ottawa, Ontario

September 2020-August 2021

Primary Rotation (12 mo): Operational Stress Injury Clinic**Supervisor:** Dr. Gordana Eljdupovic, C. Psych.**Supervision Hours:** 75**Direct Hours:** 211.5 (151 intervention, 60.5 assessment)**Clients:** 10 (4 adult intervention; 6 adult assessments)

Responsibilities: I provided comprehensive psychodiagnostic assessments, treatment planning, consultation, and intervention services to Canadian Armed Forces active members, veterans, and RCMP. Patients presented with trauma, adjustment, mood, anxiety, sleep, substance use, and co-occurring health conditions (e.g., chronic pain). Other areas of difficulty included emotion dysregulation, marital or family relationships, and challenges associated with reestablishing identity and transitioning to civilian life. Individual evidence-based interventions included Prolonged Exposure and Dialectical Behaviour Therapy. Additionally, I participated in multidisciplinary team meetings, research (program evaluation needs assessment), and supervision of a senior practicum student.

Secondary Rotation (6 mo): Schizophrenia Recovery Program –Adult Inpatient Psychosis Unit**Supervisor:** Dr. Matthew Kerr, C. Psych.**Supervision Hours:** 33**Direct Hours:** 58.5 (34 intervention, 24.5 assessment)**Clients:** 1 treatment group for psychosis (6 adults); 2 adult intervention; 3 adult assessments

Responsibilities: I provided comprehensive cognitive assessments and intervention services to adult inpatients experiencing psychotic spectrum disorders. My responsibilities included completing clinical interview, testing, scoring and interpretation, report writing, and feedback to patients. Patients presented with psychosis, substance use, mood, anxiety, and cognitive impairments. I also co-lead a treatment group for psychosis, provided individual therapy, and participated in multidisciplinary team meetings.

Secondary Rotation (6 mo): Geriatric Psychiatry Program

Supervisor: Dr. Hans de Groot, C. Psych.

Supervision Hours: 53

Direct Hours: 53 (29 intervention, 24 assessment)

Clients: 3 older adult

Responsibilities: I provided comprehensive psychodiagnostic and cognitive assessments and individual therapy to older adults (65 years old +) presenting with complex mental and physical health needs. Services were provided in inpatient and day program settings, often including interdisciplinary teamwork and consultation with psychiatry, nursing, social work, occupational therapy and recreational therapy. Assessment responsibilities include clinical interview, cognitive and personality testing, scoring and interpretation, case conceptualization, and feedback. Individual therapy was provided using an Acceptance and Commitment Therapy framework.

Practica**Student Clinician –Practicum 7 (Specialty Practicum)**

Geriatric Adult Outpatient Service, St. Boniface General Hospital, Winnipeg, Manitoba

July 2018 – December 2018

Supervisor: Dr. Lesley Koven, C. Psych.

Supervision Hours: 36

Direct Hours: 69 (59 intervention, 10 assessment)

Clients: 10 (7 older adult intervention; 3 caregiver assessments)

Responsibilities: I provided short-term CBT to older adult outpatients and facilitated caregiver assessments for the Early Cognitive Change Clinic for Older Adults (ECCCOA). Patients presented with a variety of mental health problems including health psychology concerns (e.g., chronic pain, insomnia, dysphagia, incontinence), mood and anxiety disorders, and issues that are common among an older adult population (e.g., caregiving, frailty, dementia, social isolation, loss/grief, grandparenting concerns, housing, mobility concerns, etc.). The treatment approach included CBT and mindfulness-based therapy.

Student Clinician –Practicum 6 (Specialty Practicum)

Forensic Psychology Services (FPS), 500-287 Broadway, Winnipeg, Manitoba

March 2018 – July 2018

Supervisor: Dr. Dan Rothman, C. Psych.

Supervision Hours: 29

Direct Hours: 51 (15 intervention, 36 assessment)

Clients: 1 maintenance group (7 adults); 6 (assessment: 3 adolescents, 3 young adults)

Responsibilities: I provided youth and adults in a forensic population with comprehensive psychological and cognitive risk assessments. Clients presented with diverse issues including, but not limited to: sexual, aggressive, and/or antisocial behaviour problems, intellectual disabilities, trauma, mood disorders, and anxiety disorders. In addition to conducting assessments, I participated in treatment sessions, multisystem team meetings (with social work, occupational therapy, parole, and correctional officers), specialized consultations, and group therapy for adults with intellectual disabilities convicted of sexual offences. I also participated in FPS Indigenous traditional programming; an optional program offered weekly to clients, which includes traditionally based activities and ceremonies (e.g., sharing circles).

Student Clinician –Practicum 5 (Specialty Practicum)

Inpatient and Outpatient Adult Assessment Service, St. Boniface General Hospital, Winnipeg, Manitoba

September 2017 – March 2018

Supervisor: Dr. Jeany Keates, C. Psych.

Supervision Hours: 27

Direct Hours: 52 assessment

Clients: 12 (assessment: 7 adult outpatient, 4 adult inpatient, 1 adult hospital/medical inpatient consult)

Responsibilities: I provided outpatients, inpatients, and a hospital/medical consult patient with comprehensive

psychological and cognitive assessments in a hospital-based adult assessment service. My responsibilities included completing interview, testing, scoring and interpretation, report writing, and feedback to patients. Patients presented with diverse issues including psychosis, personality disorders, mood and anxiety disorders, and cognitive impairment (e.g., intellectual disability).

Student Clinician –Practicum 4 (Specialty Practicum)

Anxiety Disorders Program, St. Boniface General Hospital, Winnipeg, Manitoba March
2017-August 2017

Supervisor: Dr. Trish Furer, C. Psych.

Supervision Hours: 35

Direct Hours: 96 (84 intervention, 12 assessment)

Clients: 32 (intervention: 5 individual adult, three CBT anxiety groups (GAD 6-weeks with 10 patients, panic 10weeks with 6 patients, perinatal/postpartum anxiety 6-weeks with 5 patients); diagnostic intake assessment: 6 adults)

Responsibilities: I provided short- and long-term CBT in a hospital-based setting for adults presenting with a variety of anxiety concerns including, panic disorder, social anxiety disorder, GAD, OCD, and perinatal/postpartum anxiety. I co-facilitate three treatment groups: perinatal anxiety group, panic disorders group, and a generalized anxiety group, which offered psychoeducation, peer support, and intervention. I conducted diagnostic intake interviews for treatment suitability and I participated in interdisciplinary team meetings involving case review and conceptualization, treatment planning, and consultation. The treatment approach was CBT, exposure response prevention, and mindfulness-based therapy.

Student Clinician –Practicum 3 (General Practicum)

Psychological Service Centre, University of Manitoba, Winnipeg, Manitoba
September 2016-March 2017

Supervisors: Drs. George Bednarczyk, C. Psych. and Hal Wallbridge, C. Psych.

Supervision Hours: 56

Direct Hours: 117 (70 intervention, 47 assessment)

Clients: 6 (intervention: 1 adult, 1 adolescent, 1 child; assessment: 1 adult, 1 adolescent, 1 child)

Responsibilities: My primary activities included providing short-term therapy and diagnostic assessment to adults, adolescents, and children in a community-based clinic. During the assessments, I was responsible for completing the interview, testing, scoring and interpretation, report writing, and co-facilitating feedback sessions. Clients presented with mood and anxiety disorders, dependent personality disorder, sleep problems, relationship difficulty, trauma, and developmental and learning disabilities. The treatment approach included client centered therapy, attachment-based therapy, play therapy, and psychodynamic psychotherapy.

Student Clinician –Practicum 2 (General Practicum)

Psychological Service Centre, University of Manitoba, Winnipeg, Manitoba January
2016-May 2016

Supervisor: Dr. Hal Wallbridge, C. Psych.

Supervision Hours: 36

Direct Hours: 65 (59 intervention, 6 assessment)

Clients: 6 (intervention: 5 adult; assessment: 1 adult)

Responsibilities: My primary activities included providing short-term therapy and diagnostic assessment to adults in a community-based clinic. I completed one adult assessment, which included completing interview, testing, scoring and interpretation, report writing, and feedback to the client. Clients presented with personality disorders, mood and anxiety disorders, chronic pain, grief, and relationship difficulty. The treatment approach was psychodynamic.

Student Clinician –Practicum 1 (General Practicum)

Psychological Service Centre, University of Manitoba, Winnipeg, Manitoba September
2015-December 2015

Supervisor: Dr. Bruce Tefft, C. Psych.

Supervision Hours: 31

Direct Hours: 67 (60 intervention, 7 assessment)

Clients: 5 (intervention: 3 adult, 1 adolescent; assessment: 1 adult)

Responsibilities: Description: My primary activities included providing short-term therapy and diagnostic assessment to adults and an adolescent in a community-based clinic. During the assessment, I was responsible for completing the interview, testing, scoring and interpretation, report writing, and feedback to the client. Clients presented with mood and anxiety disorders, trauma, conduct disorder, and adjustment difficulty. The treatment approach was client centered and included motivational interviewing.

Adjunct Clinical Employment

Clinical Associate

Dr. Michael Ellery & Associates, Private Practice, 608 Broadway, Winnipeg, Manitoba

August 2018-June 2020

Supervisor: Dr. Michael Ellery, C. Psych.

Supervision Hours: 106

Direct Hours: 191 intervention (93 individual, 98 group)

Clients: 8 adult intervention (3 standard 6mo -12mo DBT clients); 3 DBT skills group (19 clients)

Responsibilities: I provided short- and long-term individual DBT to young and middle-aged adults presenting with complex and comorbid mental health concerns (e.g., cluster B personality disorders, suicidality and self-harm, trauma, and mood and anxiety disorders) in a private practice setting. I also co-lead a weekly 2-hour DBT skills group. I received group supervision and participated in interdisciplinary team meetings for case review and conceptualization, treatment planning, and consultation.

Psychological Assistant

Adult Depression Clinic, Victoria Hospital, Winnipeg, Manitoba

September 2017-January 2019

Supervisor: Dr. Val Krysanski, C. Psych.

Supervision Hours: 14

Direct Hours: 41.5 (22 intervention, 19.5 assessment)

Clients: 24 adult diagnostic intake assessments

Responsibilities: I worked in a casual PA position, 4 hrs/week, in an outpatient hospital-based adult depression service. I was responsible for scheduling and conducting intake interviews, providing diagnostic assessment, treatment recommendations, and report writing. I primarily saw patients who presented with mood disorders, personality disorders, trauma, anxiety disorders, and substance use disorders.

Psychological Assistant

Anxiety Disorders Program, St. Boniface Hospital, Winnipeg, Manitoba

September 2017-September 2018

Supervisor: Dr. Trish Furer, C. Psych.

Supervision Hours: 31

Direct Hours: 105.5 (59 intervention, 46.5 assessment)

Clients: 63 adult diagnostic intake assessments

Responsibilities: I worked in a casual PA position, 10 hrs/week, in an outpatient hospital-based adult anxiety service. I was responsible for conducting intake interviews, providing diagnostic assessment, treatment recommendations, and report writing. I saw patients who presented with a number of anxiety disorders including: panic disorder, social anxiety disorder, generalized anxiety disorder, illness anxiety disorder, posttraumatic stress disorder, obsessive and compulsive disorder, and perinatal/postpartum anxiety, as well as mood and personality disorders.

RESEARCH EXPERIENCE

September 2016-August 2020

Lab Member

Supervisor: Dr. Corey Mackenzie
Aging & Mental Health Laboratory, University of Manitoba

September 2013-December 2018

Research Assistant/Project Coordinator

Supervisor: Dr. John Walker
Clinical Health Psychology, University of Manitoba

December 2016-January 2018

Research Assistant

Supervisor: Dr. Jitender Sareen
Psychiatry, University of Manitoba

May 2015-January 2018

Research Assistant

Supervisors: Drs. Jitender Sareen, Marcus Blouw, & Kendiss Olafson
Psychiatry and Critical Care Medicine, University of Manitoba

September 2014-August 2016

Research Assistant

Supervisor: Dr. Corey Mackenzie
Aging and Mental Health Laboratory, University of Manitoba

April 2013-August 2013

Summer Student Researcher

Supervisor: Dr. Don Stewart
Psychology, University of Manitoba

April 2012-September 2012

Research Assistant

Supervisor: Dr. Jennifer Volk
Clinical Health Psychology, University of Manitoba

Research competencies include:

- Preparing funding and research grant applications
- Literature searches, ethics submissions, manuscript publications
- Quantitative and qualitative data collection and analysis (SPSS, NVivo)
- Organizing and facilitating research meetings
- Mentoring students
