

A spring tune-up for the mature drivers in your life

Mature Driver Workshop

Do you know someone with a lot of road ahead of them, but could use a tune-up of their driving skills? Maybe you should suggest our FREE Mature Driver Workshop. You can even join them to make it a bit more comfortable.

In partnership with Safety Services Manitoba and funded by MPI, CAA hosts this workshop to review traffic laws and safety rules and instruct driving techniques to address the physical effects that come with age.

It's a great way for our most experienced drivers to safely maintain their mobile freedom with the help of some updated skills.
