Your **Dental Hygiene PCC**, will meet with you to discuss each patient that is being transferred or dismissed. The **axiUm patient list** must be brought to your **Patient Review** appointment. You must complete the **STUDENT DISPOSITION sheet in MS TEAMS prior to meeting with the DH PCC**. The patient must have a 'zero' balance prior to being released.

Review the link below for your individual sheet. After reviewing your Patient List, complete all fields of the STUDENT DISPOSITION SHEET.

MS TEAMS DH2 Disposition Sheets link: Click here **(This link will provide access to the folder as of March 19, 2026.)**

(On March 17th Sabrina & Carley will be attending your lecture to review the Clearance Instructions with your class. At this time, they can answer any questions that you may have regarding the patient and axiUm portion of Clearance)

For each of your patients, update all relative correspondence regarding the patient in the **axiUm Contact Notes**. Pertinent correspondence would include any information regarding the patient's availability (time, financially), attendance (i.e. reason(s) for missed or short notice cancelled appointments), the patient's desire to continue in the program next year or inability to continue in College program (i.e. moved, not interested, declining disease control, deceased, CDCP going to PP, etc.)

If a patient correspondence letter is required due to inability to continue, notify your PCC.

1. **TREATMENT COMPLETED**

For patients that you have completed, indicate this in the column **"Patient Dental Hygiene Status"** section on your PATIENT LIST in MS TEAMS. Indicate the PSR level and the appropriate recall date.

Patients at a PSR/SPT 3 or 4 and selected with PSR2/SPT2 levels will remain on the DH List for next year.

2. PATIENTS to be DISPOSITIONED

For patients you cannot reach, are unavailable or do not want treatment, indicate this in the column “Is Patient Committed to Dental Hygiene Care at the College, Patient Availability, Comments” section on your PATIENT LIST in MS TEAMS. When dispositioning a patient, please enter the reason for disposition in detail in the **Contact Notes** in **axiUm**.

3. PATIENTS YOU WERE UNABLE TO SEE

For patients you were unable to see during the academic year, indicate this in the column “Patient Seen for Dental Hygiene During the Academic Year” on your PATIENT LIST in MS TEAMS. You must contact these patients and confirm their interest in future appointments/treatment. Please indicate in the column “Comments” why patients were not seen this past academic year and if there was a history deferring treatment.

Document in the contact notes confirmation that the patient wishes to continue with the program for next term. For patients you are unable to reach by phone (**3x Attempts**), coordinate with your PCC to send out “**unable to contact**” letter.

PRIOR to meet with your PCC for your **Patient Review**, all required/pertinent information must be entered/completed in axiUm and in the **STUDENT DISPOSITION SHEETS in MS Clearance TEAMS**.

The two reports below (IN-PROCESS and UNAPPROVED) need to be printed after resolving ALL In Process treatments and Unapproved treatments. The reports should be brought to your **axiUm Review meeting with PCC Leads**.

IN-PROCESS TX:

All In-Process codes will need to be addressed PRIOR to your axiUm Review appointment with PCC Leads.

Print the following report and review all procedure codes and ensure there are no in-process codes that could be generating a balance. If there are any in-process procedure codes, you will have two options to resolve them:

- a) If the procedure code is not going to be completed, ask the **PCC Leads** to suspend the procedure code and \$0.00 balance the fee; or IF PATIENT IS CONTINUING NEXT TERM, DO NOT ZERO BALANCE.
- b) If you want the procedure code deleted, changed or completed, submit an **axiUm correction card form** prior to **April 3, 2026**, signed by original approver. If the original approver is not available, the clinical coordinator can approve the correction form. The Correction Card Form must be actioned to the PCC Leads

After resolving **ALL** In-Process and Unapproved treatments, print both reports and bring them to your **axiUm Review appointment with PCC Leads.**

Before beginning the next section of **Patient Balances**, ensure you have **completed both In-Process and Unapproved treatment reports.**

CLEARANCE OF PATIENT BALANCES:

Print the following report and review **ALL** patient balances.

You are responsible for communicating outstanding balances to your patients before your **Patient Review meeting with your PCC.** A printout of the **Patient Balance List** must be presented to your PCC and to Michelle Oshanyk, Managing Director for review.

Ensure you have taken all necessary actions to collect the outstanding fees from these patients. Document **all** correspondence you have had with the patient in the patient’s “Contact Notes” in axiUm.

Review your patient accounts. Ensure all appropriate codes have been entered. **All** “In Process” procedures must be addressed; either Completed (with appropriate swipe) or Suspended with an EHR note giving the reason.

If you find an incorrect entry and need to make an adjustment or note a discrepancy in axiUm, review at your **meeting with PCC Leads.** In some cases, **PCC Leads** may correct the account or refer you to your instructor for the completion and grading of procedures.

Remember the accuracy of your patient's account and your grades are dependent on you selecting the appropriate codes and status (ie: Completed – “C” vs. In process – “I”)

Select: **Billing Tab**

Under Category Scroll down and select: **Patient Balances**
