Vice-President (Research and International) and Distinguished Professor

RE: Undergraduate Student Research Awards, Faculty contributions

For the past six years, my office has offered undergraduate students an exciting opportunity to compete for the Undergraduate Research Awards; to be mentored full-time with a professor of their choice for 16 weeks, to receive a financial award, and to gain valuable experience in their field of interest. This year we are increasing the award to \$7,000 per student.

We had overwhelming support from the faculties last year, who each contributed \$1000 per student awarded. We would like to know how many students from your Faculty that you are able to support this year at that same amount.

This year the deadline for applications has been moved to January 26th 2018. To help us get a sense of how many awards we will be able to give out, please reply to Lindsey Troschuk, Lindsey.Troschuk@umanitoba.ca, by no later than **Monday, December 18, 2017**.
