Inaugural Americas School of Neuroimmunology (ASNI)

Calgary, Canada · October 1-2, 2015

REGISTER NOW
at www.asni.isniweb.org

Co-host: V. Wee Yong (Canada) and Phillip Popovich (USA)

Day 1: General Themes

Principles of Neuroimmunology (Shalina Ousman, *University of Calgary, Canada*)

The microglia in health and pathology (Astrid Cardona, *University of Texas at San Antonio, USA*)

Interactions of innate and adaptive immunity for CNS executive functions

(Jonathan Kipnis, *University of Virginia, USA*)

Environmental and lifestyle modulators of neuroimmunology

(Jorge Correale, *Raul Carrea Institute for Neurological Research, Argentina*)

Immune responses to viral infections of the CNS (Christopher Power, *University of Alberta, Canada*)

Neuroimmunology in repair of the nervous system (V. Wee Yong, *University of Calgary, Canada*)

Day 2: Diseases

Neuroimmunology in multiple sclerosis (Amit Bar-Or, *McGill University, Canada*)

Neuroimmunology in brain tumors (Amy Heimberger, *University of Texas M.D. Anderson Cancer Center, USA*)

Neuroimmunology in stroke (Kyra Becker, *University of Washington, USA*)

Neuroimmunology in ALS (Brian Kaspar, *Nationwide Children's Hospital, Columbus, USA*)

Neuroimmunology in neurodegenerative disorders (Gary Landreth, *Case Western Reserve University, USA*)

Neuroimmunology in spinal cord injury (Phillip Popovich, *Ohio State University, USA*)

Organizing Committee

V. Wee Yong PhD
University of Calgary
Cumming School of Medicine
Calgary | Canada

Phillip Popovich PhD
Center for Brain and Spinal Cord Repair
Department of Neuroscience
Wexner Medical Center at the Ohio State
University Columbus, OH | U.S.A

Jessie Trufyn MSc
Cumming School of Medicine
University of Calgary
Calgary | Canada

Registration fees

Until June 20 - \$350 CAN
Until August 30 - \$450 CAN
(includes two nights accommodation)

Travel award applications due August 1
