

# Manitoba Neuroscience Network Seminar Series

Friday, May 16, 2014 | 12:00 Noon

## Dr. Jerry Silver

Professor - Department of Neurosciences  
Case Western Reserve University

**Topic:** Functional regeneration into and beyond the glial scar

**Location:** Theatre B - Basic Med Sciences Bldg.

---

**Biosketch:** Dr. Silver received his Ph.D. from Case Western Reserve in 1974 and was the recipient of the Herbert S. Steuer Memorial Award for Meritorious Original Research in Anatomy. He did post-doctoral work at Harvard University in the Department of Neurosciences at The Children's Hospital and in the Neuropathology Department at Harvard Medical School. Dr. Silver is currently Professor in the Department of Neurosciences at the Case Western Reserve University School of Medicine and adjunct Professor in the Department of Neurosurgery at the Cleveland Clinic Foundation. Dr. Silver is a recipient of several prestigious awards. Dr. Silver has served on a number of editorial boards including the journals *Glia*, *The Journal of Neurocytology*, *Developmental Neurobiology*, *The Journal of Neuroscience* and *Experimental Neurology* (where he is a Section Editor). He regularly reviews articles for over 35 high impact journals and he reviews grants for 18 national and international organizations.
