

NEUROSCIENCE TRAINEE LUNCH

VISITING SPEAKER

Friday, May 20, 2016

1:00PM

SR415

Kleysen Institute for Advanced Medicine

DR. DEREK BOWIE

PROFESSOR, PHARMACOLOGY & THERAPEUTICS - MCGILL UNIVERSITY
DIRECTOR, GEPRM

Dr. Derek Bowie is the Director of the FRQS-funded research group, GEPRM, and has been a Professor at McGill University since 2002. He is the recipient of the Canada Research Chair award in Receptor Pharmacology and serves on the editorial boards of the Journal of Physiology, Current Neuropharmacology and Channels. Dr. Bowie earned his Ph.D. at the University of London after completing his undergraduate degree at Strathclyde University in Scotland. He then carried out postdoctoral training in France (Université Louis Pasteur), Switzerland (University of Zurich) and the USA (National Institutes of Health) before holding a faculty position at Emory University in Atlanta. The Bowie lab focuses on the structure-function properties of ionotropic glutamate receptors, GABA-A receptors and sodium channels as well as examining their role in neuronal circuit behaviour.
