

Department of Physiology & Pathophysiology
Neuroscience Graduate Course Offerings

Four 1.5 credit hour courses

Tuesday and Thursdays, 3:00 - 4:30 pm

'In-person' sessions on RFHS Campus

IMED 7112 <i>Fundamental Cellular Neurobiology</i>	Sept – Oct 2022
IMED 7114 <i>Fundamental Neural Development and Plasticity</i>	Oct – Dec 2022
IMED 7116 <i>Fundamental Systems Neuroscience</i>	Jan – Feb 2023
IMED 7118 <i>Fundamental Neurobiology of Disease</i>	Mar – Apr 2023

- None of these courses is a prerequisite to the others, so you may choose to take some, or all of them.
- Registration is open to all graduate students enrolled in any Faculty/College/Department interested in Neuroscience from the Fort Garry or Bannatyne Campuses, and the St. Boniface Research Centre.
