
CSPS NATIONAL UNDERGRADUATE STUDENT RESEARCH PROGRAM AWARDS

2024 CSPS National Undergraduate Student Research Program Awards

CRITERIA:

1. Each Canadian Pharmacy School will receive one award which consists of a complimentary registration for the winning undergraduate pharmacy student to attend and display their poster at the Canadian Society for Pharmaceutical Sciences (CSPS) Annual Symposium to be held June 10 to 13, 2024 in Edmonton, AB. We appreciate your Pharmacy Faculty, College or School's continued support in assisting to off-set travel and accommodation costs of the student to attend the Symposium and supporting this national opportunity to showcase our best and brightest young researchers throughout Canada at this event.
2. The student must complete a "hypothesis testing" research project and have an abstract submitted to and accepted by the 2024 Canadian Society for Pharmaceutical Sciences Annual Symposium. Projects in all disciplines of Pharmacy (Analytical Chemistry, Biomedical Sciences, Clinical Sciences and Pharmacy Practice, Drug Delivery and Pharmaceutical Technology, and Pharmacokinetics and Pharmacodynamics) are eligible. *All currently registered "full-time" undergraduate pharmacy students in good standing are eligible for this program.*

**Note: Students who have previously held this award are not eligible.*
3. Each participating Pharmacy School will choose their own student and sponsoring supervisor. The student's abstract should be submitted to the on line abstract submission portal by March 4, 2024 which will open in mid January (details to follow). Each abstract should contain an acknowledgement that they are a recipient of the student undergraduate award. *Each school will be responsible for determining the process by which they choose their student/supervisor representatives to the program. Each Pharmacy program will also be responsible for advertising this opportunity to their students and faculty.*
4. Each student will be provided with a priority code to be used to register with for the Annual Symposium once registration opens. Please Note: only students who register and attend the Symposium will have their submission published in the *Journal of Pharmacy & Pharmaceutical Sciences (JPPS)*.

If you have any questions, please contact the CSPS Secretariat at csps@intertaskconferences.com
