

16 January 2023

Plant Sciences Graduate Student Association

Department of Plant Science, University of Manitoba (Fort Garry campus)
66 Dafoe Road, Winnipeg, MB

Dear fellow students,

Greetings!

In behalf of the **Plant Sciences Graduate Student Association** at North Dakota State University (NDSU), I am honored to announce that PSGSA-NDSU will be hosting the 38th Annual Plant Science Graduate Student Symposium (PSGSS) this coming March 17-18, 2023 at the Department of Plant Sciences, NDSU, Fargo, ND. PSGSS is an annual event that brings together the three prairie universities: The University of Manitoba, University of Saskatchewan, and NDSU.

In connection with this, we would like to formally invite you to join us in this prestigious event with the theme, "*Agricultural innovations ensuring sustainable food production*". The symposium will showcase keynote speakers, student presentations, and networking events. We hope to foster a valuable conversation among students, researchers, and professionals about the importance of collaboration between fields and disciplines. This will be an exciting and unique opportunity for students to improve public speaking skills, collaborate with peers, and build relationships between universities.

Registration will be open from January 16 to February 10, 2023. The deadline for abstract will be on March 3, 2023. For registration and abstract submission details, please visit our website at <https://plscgsandsu.wixsite.com/38th-psgss>.

For more inquiries, you may email us at plsc.gsa.ndsu@gmail.com.

We are looking forward to seeing you soon.

Sincerely,

BHANU DANGI
PSGSA President 2023
