MEMORANDUM

DATE: April 20, 2017

SUBJECT: **Proposals Funded from the Faculty of Agricultural and Food
Sciences Endowment Fund for 2017 - 2018**

The committee received 79 proposals in 2017 for their consideration. The following projects have been approved for funding:

PROJECT TITLE
HNS prize for MB Schools Science Symposium
Replacement microscopes for the entomology teaching labs
Illustrations of Weed Identification Characters
Hands-on student crop production experience
Northern Great Plains Lipid Conference
Communications Office camera and battery
Lab equipment for Biosystems undergrad teaching
Food Science Kitchen Equipment
Student lab equipment - DNA electrophoresis LabStation, Dry block heater and modular heating block
Meal Exchange National Student Food Summit
Space saving centrifuge for use in undergraduate teaching laboratory for food science students
CanU Grow - An Agri-Food Academy
Skin Caliper and Standing Anthropometric units for HNSC
FASF Student Ambassador Program
Portable video conferencing capabilities
Laboratory upgrade for course BIOE 3530
BIOE 2600 laboratory equipment
Sensory Evaluation Computer Software Upgrade and Maintenance
NECO Networking Events
Maintenance of Spectrophotometer
Manitoba Soil Science Society Summer Tour
Nutrition Month 2018
Heat transfer equipment for Food Science courses
TK Cheung Seminar in Animal Science

Smartboard for Entomology and Animal Science
A National Microbiome Workshop
2018 Meet the Dietitian Event
Teaching resources for new mechanical weed control tools
ASABE Tractor Design Competition
Upgrade to Grad Student Field Work Equipment
FAFS Promotion and Recruitment Materials
DEGSA Seminar Series
Nutrition Education Library
Lab upgrade for undergraduate teaching: BIOE 3320
Development of online tests for assessment of student understanding of safe work procedures
Making educational videos to demonstrate nutritional laboratory analytical methods
Tractor Safety Workshop
Stata MP
Table Upgrade and White Board Rm 403 Human Ecology Building
AED purchase for Agriculture Bldg
Food Science & HNS grad student conference travel support
UM Campus Food Strategy
Pizza Farm Program
FFNHP Graduate Research Symposium
Annual PSGS Symposium
Plant Science Biosecurity Infrastructure
Dietitians of Canada (DC) National Conference
Dietetic Student Speaker Series
Rotary Career Symposium 2017
Load Cell, Grips and Service of Instron Universal Tester
Newcomer Nutrition Educator Program
Food KT and Applied Skills in Food Preparation
NECO Compost Trial for Barbara Burn's Food Innovation Laboratory
Canadian Nutrition Society Annual Conference
Biosystems Undergrad Engineering Curriculum
Support Staff Professional Development
Be Part of the Agri-Food Conversation
ACHES Conference 2017
Where It's Made Video
Dietitians of Canada Conference 2017
Travel to Brazil to Present a Program Proposal to Host the 2022 World Polymer Congress (Macro 2022) in Winnipeg
Brandon Ag Days
UM Campus Permaculture Learning Garden
Summer Breakfast Program
Total funding: \$226,275
