

Department of Plant Science Advanced Plant Science Seminar Schedule Fall 2020

Due to the COVID-19 pandemic, all seminars will be held virtually through GotoWebinar on **Thursdays at 3:00 pm**
Pre-registration is required at the link found below each seminar title

Date	Presenter	Seminar Title
October 1	 Ms. Pam de Rocquigny Chief Executive Officer, Manitoba Crop Alliance	“The Manitoba Crop Alliance and the Significant Role Farmers Play in Research” Register
October 8	 Dr. Timothy Paulitz , Research Plant Pathologist, USDA-ARS; Adjunct Professor, Washington State University	“The Effect of Glyphosate on Soil Microbial Communities: Fake News vs. Facts.” Register
October 15	 Ms. Jia Sun , PhD student	“Genome wide association and prediction in Brassica napus” Register
October 22	 Dr. Carolee T. Bull , Department Head, Plant Pathology and Environmental Microbiology; Professor of Plant Pathology and Systematic Bacteriology; Director, Penn State Microbiome Center	“Translational Taxonomy – Taxonomic Understanding for Disease Management” Register
October 29	Mr. Kenny So , PhD student	"Exploring genetic variation of cruciferin content in Brassica napus" Register
November 5	 Dr. Muthu Bagavathiannan Associate Professor, Weed Science and Agronomy, Department of Soil and Crop Sciences, Texas A&M University	“Integrated Weed Management in the Era of Herbicide Resistance” Register
<i>Fall term break (November 8-13)</i>		
November 19	 Mr. Uzzal Liton , PhD student	“Genetic and transcriptomic analysis of pre-harvest sprouting resistance in Canadian red spring wheat” Register
November 26	 Dr. Malcolm Morrison , Research Scientist, Crop Physiology/Crop Phenomics, Ottawa RDC, Agriculture and Agri-Food Canada	“The Lost Art of Crop Physiology” Register
