Re: Level 1: Novice Graduate Teaching Program Brochures

The Centre for the Advancement of Teaching and Learning is promoting the Level 1: Novice Graduate Teaching Program (GTP).

The program is for graduate students (Masters, PhD, and Post-Doctoral Fellows) at the University of Manitoba who are in the early stages of their teaching careers and who want to learn more about teaching in higher education. The knowledge and skills attained in the program will help graduate students further develop their confidence and competence as a new teacher. The program is internationally accredited through SEDA (<https://www.seda.ac.uk>), a professional association in the United Kingdom (UK) that promotes innovation and good practices in higher education.

To help us reach more graduate students on both campuses, please forward the attached PDF Brochure to graduate students in your department. We will not be sending hard copies at this time.

If you have any questions, please contact graduateteachingprogram@umanitoba.ca

We appreciate your continued support of the Level 1: Novice GTP!

Thanks,

Encl.
