# CROPS E-NEWS

A monthly bulletin from the Crops Knowledge Centre

### **Sample or Speculate on Nitrogen Carryover for 2011?**

As Manitoba farmers mop up the remaining 2010 harvest, they will need to plan for the 2011 soil fertility program. A major question is... [MORE](#)

### **Post Harvest Assessment Tools of Soil Fertility Practices**

As harvest nears completion, it is time to take stock of the past year's soil fertility program. The grower's financial yardstick of soil... [MORE](#)

### **The Aster Leafhopper - Why Carrots Matter if you are Growing Corn**

Many people have not forgotten the late summer of 2007. During swathing of canola strange sights appeared in many fields... [MORE](#)

### **Risk of Fall Frost**

Towards the latter part of the growing season, the threat of a fall frost becomes increasingly apparent. This is particularly so in a... [MORE](#)

### **The 2010 Season at the Crop Diagnostic Centre**

Every year brings a different assortment of crops and diseases to the Crop Diagnostic Centre. It is true that there are some... [MORE](#)

### **What's Needed to keep you Warm this Winter?**

Burning wood to heat your home is part of rural life for a lot of Manitobans and this can either be an enjoyable convenience... [MORE](#)

### **Manitoba Crop Research Update**

#### **Greenhouse Research Collaboration Proposed for Manitoba**

In early September, people interested in the Manitoba greenhouse industry met to discuss the needs and goals of greenhouse... [MORE](#)

#### **Innovative Research for Manitoba's Fruit Industry**

With the development of the research orchard at the CMCDC Portage Station and many partnerships with universities and... [MORE](#)
