

**Instructor, Animal Sciences
(Beef)
Competition No: 17-2501-005**

Lakeland College's School of Agricultural Sciences requires a career-minded and energetic instructor with a beef background and a solid background in basic animal science. Courses to be taught include: Anatomy and Physiology, Cow-Calf Production and Management, and Feedlot and Beef Production. This position also includes guidance and mentorship to the Student Managed Farm Commercial Beef Team.

Responsibilities include classroom, lab, and field trip instruction, preparation and marking of assignments and exams, as well as participation in program and department meetings. The ideal candidate will have a Bachelor's Degree in Science or a related field and industry or farming related experience. The ability to work in both a team environment and independently with minimal supervision is essential.

Lakeland College is located in the vibrant community of Vermilion, with a friendly family atmosphere, and great cultural and recreational opportunities. Vermilion is located within 30 minutes driving distance of the City of Lloydminster.

This is a Sessional Full-time Faculty appointment commencing August 2, 2016. Lakeland College offers a competitive salary and benefits package. Salary will be commensurate with education and experience.

Qualified applicants are invited to submit their resume by June 3, 2016.

For further information, please contact Darrell Hickman at darrell.hickman@lakelandcollege.ca or Josie Van Lent at josie.vanlent@lakelandcollege.ca.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. If suitable Canadian citizens or permanent residents cannot be found, other individuals will be considered. Those selected for an interview will be contacted.
