MEMORANDUM

Date: March 4, 2020

To: Rady Faculty of Health Sciences Management

From: Dr. Brian Postl, Dean and Vice-Provost Rady Faculty of Health Sciences

Re: Staff, Faculty and Student travel to China and Iran

Please advise any faculty, staff or students travelling back from China or Iran to self-isolate for 14 days as per the Manitoba Health recommendations (<https://www.gov.mb.ca/health/coronavirus/index.html>). They should be coded as paid leave for this time. Individuals are expected to work from home if possible and not symptomatic. If the individual becomes symptomatic they should notify their supervisor and will then be on sick leave until they return to work. If a faculty, staff, student has anyone in their household travelling back from China or Iran the same would apply. If you have any questions please contact Raman Dhaliwal (raman.dhaliwal@umanitoba.ca). Please share this information as appropriate. Thanks very much in advance for your attention to this important matter.
