

RESEARCH SEMINAR SERIES

Population-based Multigenerational Health Research: Opportunities and Challenges

October 9, 2024 | 12:00 pm – 12:50 pm

050 Apotex Centre, Bannatyne Campus

Dr. Amani Hamad

Assistant Professor

Department of Community Health Sciences

University of Manitoba

Dr. Amani Hamad is an assistant professor in the Department of Community Health Sciences at the Max Rady College of Medicine, University of Manitoba, and a research scientist at the Manitoba Centre for Health Policy. She holds a Tier II Canada Research Chair in Population Data Science and Data Curation. Dr. Hamad completed a PhD at the College of Pharmacy, University of Manitoba, and a postdoctoral fellowship at the George and Fay Yee Centre for Healthcare Innovation. Her research expertise includes multigenerational studies, pharmacoepidemiology, maternal and child health, and mental health. Her current research aims to enhance the accessibility and validity of Manitoba's Research Repository for health and social research while also focusing on characterizing mental disorders and their treatment effects in children.
