

Disrupted - Career Connections is happening September 29th, 2022!

Don't miss out! (12:30pm-2:30pm)

Career Connections, brought to you by [Tech Manitoba](#) virtually connects a robust network of industry professionals to meet with tech students preparing to enter the workforce and exploring employment opportunities in the tech sector.

By providing a space for connection and engagement, Disrupted Career Connections aims to:

- Give employers access to trained and motivated youth, helping to secure talent and strengthen their workforce.
 - Showcase industry members and promote Manitoba as a desirable place to work and keep talent here.
 - Help highly skilled youth transition from post-secondary to the rapidly growing labour market by providing insider information as to what employers are looking for.
-

How it works:

- Graduated or soon to be graduating tech students fill out the [student profile form](#)
- Companies get to know students before the conference by searching the specially curated student directory (compiled and organized student profile forms)
- At Career Connections event, Member companies of Tech Manitoba showcase their workplace and current job opportunities at a pitch session.
- Approximately 100 students will participate and hear the company pitches (students are upcoming graduates, enrolled in tech-centric programs).
- Following the workplace pitches, company representatives move into breakout tables and meet the students, 'face-to-face' for speed-dating styled interviews/conversations.

Confirmed companies attending:

- | | |
|------------------------------------|---|
| • Clear Concepts | • Qualico |
| • Neo Financial | • AGDATA |
| • City of Winnipeg | • Polard Banknote Limited |

More companies to be announced soon! Typically, 6-10 companies attend each event.

Types of entry level jobs participating companies are hiring for now, and in the near future:

Support Analyst, Application Developer, Programmer Analyst, Technical Support Specialist, Systems Administrator, Business Systems Analyst, Business Systems Data Specialists, Business Intelligence Roles, Web Developer. ***Plus, other roles to be revealed at the event.***

Bonuses:

- Several local [Tech Meetup Groups](#) will have info tables at this virtual event for you to visit!
- Each student will receive a free ticket to [Disrupted](#) – “Tech for Good”, happening the morning of September 29th. Students will be able to click on a link right after the Disrupted event and be transported directly to Career Connections. Disrupted is Tech Manitoba’s signature event/tech conference. (\$60 value)

Interested? Fill out this [student profile form](#) **no later than September 19th, 2022.**

Once your form is filled out and submitted, you are registered and Tech Manitoba representative [Marie Hacault](#) will connect with you with all the details!

Looking forward to seeing you there!

TECH MANITOBA TEAM

We are happy to announce that Career Connections is sponsored by MITT!

Career Connections

powered by  MANITOBA INSTITUTE OF
TRADES & TECHNOLOGY

[CyberWave](#), MITT’s cyber security centre, is dedicated to addressing the growing labour shortage in cyber security. Created by Manitoba Institute of Trades & Technology (MITT), this new centre works closely with leading employers to develop programming that meets the evolving needs of students, working professionals, and employers.
