

## Department of Physiology & Pathophysiology Neuroscience Graduate Course Offerings

Four 1.5 credit hour courses

Tuesday and Thursdays, 3:00 - 4:15 pm

'In-person' sessions on RFHS Campus

<b>IMED 7112</b> <i>Fundamental Cellular Neurobiology</i>	Sept – Oct 2024
<b>IMED 7114</b> <i>Fundamental Neural Development and Plasticity</i>	Oct – Dec 2024
<b>IMED 7116</b> <i>Fundamental Systems Neuroscience</i>	Jan – Feb 2025
<b>IMED 7118</b> <i>Fundamental Neurobiology of Disease</i>	Mar – Apr 2025

- None of these courses is a prerequisite to the others, so you may choose to take some, or all of them.
- Registration is open to all graduate students enrolled in any Faculty/College/Department interested in Neuroscience from the Fort Garry or Bannatyne Campuses, and the St. Boniface Research Centre.
