

The **Visual** and Automated Disease **Analytics** (VADA) Program

SUMMER SCHOOL

June 12-14 • 8:30 am – 4:30 pm

Chown Building • 753 McDermot Ave.

University of Manitoba Bannatyne Campus

The 2019 VADA Program Summer School is an intensive three-day workshop for graduate and undergraduate students. Session topics include data visualization and analytic software, analysis of complex health data, and professional skill development. Speakers and workshop facilitators are from industry, government and academia.

Learning Objectives

- To advance skills in the analysis and presentation of complex health data to diverse audiences;
- To develop and enhance professional skills that focus on collaboration, project management, and career development;
- To facilitate networking with peers, industry experts, and leading researchers in methods for complex health data.

**Registration
deadline:
May 31**

space is
limited

Registration fee: **\$180**

(includes breakfast, lunch, research reception and breaks)

Cancellations: A registration refund will be made upon written request on or before May 31, 2019. A \$35 administrative fee will be retained. No refunds will be made for cancellations after this date.
