

STARS - SSHRC Training And Resources Series

Both sessions will be held in person on Bannatyne Campus in ROOM #A207 Chown

Here is a glimpse of what to expect:

Session #1 (Nov 12, 9-12)

- Overview of SSHRC Grants
- Health research and SSHRC opportunities
- Learn how to define impactful goals and objectives - the cornerstones of all great applications
- Learn how to develop a clear, well-planned methodology and realistic timelines
- Develop a well-justified budget with detail and accuracy
- Review successful examples from previous applications

Session #2 (Nov 14, 9-12)

- Develop effective student training and mentoring plans
- Get advice from reviewers who have served on SSHRC adjudication committees
- Understand SSHRC's definition of Knowledge Mobilization (KMB) and learn how to develop clear and innovative KMB plans
- Articulating impacts and writing persuasively
- Review successful examples from previous applications
