

# RESPONDING TO SEXUAL VIOLENCE DISCLOSURES

---

A Guide for the UM Community

**This session is open to any UM staff or faculty members**

## ABOUT THE WORKSHOP:

When someone experiences sexual violence, they often will first turn to someone they trust and know for support.

Designed to give UM community members the knowledge and skills to respond to disclosures in an effective, compassionate, supportive, and consistent way, the workshop walks participants through key elements and guidelines for responding to a disclosure of sexual violence and making appropriate referrals.
