

Micro-certificate in Applied Innovation: From Ideas to Impact

Prepare to become a changemaker and earn an additional credential for your resume with this complement to your studies in any discipline.

PROGRAM DESCRIPTION: Explore your unique ability to turn ideas into action with the University of Manitoba's first innovation micro-certificate. Learn the tools to start a new initiative, take a new approach, or build on traditional wisdom and knowledge to make an impact. Practice innovation and work with peers from all faculties, disciplines, and levels of education.

SKILLS AND COMPETENCIES: Gain innovation skills and practical experience. Identify opportunities and solve problems by taking purposeful action. Think big and learn what it takes to be successful. Practice curiosity. Look at the world from your unique point of view. Work with a variety of peers from various disciplines and levels of education. Use your new skills to make an impact. Learn how to solve real-world problems on an interdisciplinary team. Consider desirability, feasibility, and viability of your ideas. Identify challenges, explore potential solutions and evaluate which approaches are most effective.
