

WILBUR-ELLIS  
INNOVATION  
AWARD

# FEED THE WORLD, WIN \$25,000

The number of people inhabiting our planet is now more than 8 billion. As our population continues to grow, how will we feed ourselves, efficiently and sustainably? Wilbur-Ellis is seeking innovative approaches from university student teams through our Second Annual Innovation Award to tackle this issue.

## **Assemble a team and register today!**

Registration for the 2023 Innovation Award is open now until May 31, 2023 – but if all members of a team register by Friday, March 31, that team's submission will receive 10 EXTRA POINTS in the final judging!

## **Looking for Inspiration?**

### **Here's last year's top winning idea.**
